Fines of 25 were then Imposed on the students.

A huge mob awaited Mr. Dowie at St. Martin's Town Hall this afternoon, and the "faith healer," who had to be guarded by police, was rushed into the hall through a double cordon of policemen. Decision Against Suburban Railway Company in Lesser Case Reversed-Mrs. Jennings's Divorce Decree Sustained.

The Court of Appeals met yesterday and handed down decisions in sixteen cases. In the case of Lucy Bequette against the St. Louis, Iron Mountain and Southern Raffway Company, embracing a phase of the fellow-servant law, the decision of the lower court was reversed. The record of the case showed that the plaintiff's husband, in the employ of the defendant, was run over and killed at Bismarck, a station on the Iron Mountain road, by an engine operated by a "wiper" who moved the engine at the request of a couple of brakemen. A verdict for \$2,500 was given in Mrs. Bequette's favor. Judges Bland and Bond. comprising a majority of the appellate bench, held that the brakemen having no authority to order the wiper to move the engine, the wiper acted without proper autherity, and damages could not be recov-

Judge Biggs held that the case came under the law, but, being in the minority, his ruling did not avail.

The case of Isaac Lesser, who obtained a Judgment of \$1.000 against the St. Louis and Subarban Railway Company, was reversed and remanded for another trial. The record showed that Lesser was injured July 6, 1803, in the loop at Suburban Garden, in attempting to board a car before it bad stopped, and that he was teld by the conductor of the car not to board it.

#### SECOND DIVIDEND PAID.

REPUBLIC SPECIAL

Depositors of the Sedalia First National Bank Receive \$11,000.

Sedalla, Mo., Oct. M .- Perry L. Deweese ceiver of the defunct First National Bank of this city, which falled May 4, 1891, with a shortage aggregating \$25,009, to-day received from the Comptroller of the Currency \$11,000 to pay the desositors a second dividend of 5 per cent, the first dividend, amounting to 19 per cent, the first dividend, amounting to 19 per cent, having been paid by Receiver W. A. Lattimer. It is believed a third dividend of 5 per cent will be paid before the close of the year, which will wind up the affairs of one of the worst bank failures Missouri has ever known.

The solvent directors of the bank have already paid in sums ranging from \$15,000 to \$25,000 each, and the stockholders have also paid a dividend of 75 per cent each. Suits are still pending against the stockholders for the payment of a second assessment of 25 per cent, however, and the case will come up before Judges Caldwell. Thayer and Sanborn in the Federal Court as St. Louis on November 18. On the result of these suits depends largely the size of the third and last dividend to be paid to depositors. Shortly after the failure of the bank, speculators purchased a number of the certificates of deposit from depositors, paying for them from 20 to 40 cents on the \$1, and it is now known that these men will come out in the hole.

### **GROVER CLEVELAND** NOT FOR MCKINLEY.

within three days from date.

Justify an Assertion to the Contrary.

REPUBLIC SPECIAL.

Washington, Oct. 23.-Former President Grover Cleveland will not vote for McKinley and Roosevelt. That is made clear in an authorized Interview with Mr. Cleveland published to-day, in the True American of Trenton, N. J.

Mr. Cleveland, referring to a report that his letter to a Louisville friend, reaffirming some sentiments expressed in 1896, had been interpreted as an evidence that he would support the Republican nominees, said:

"I am not aware of having made any statement that would justify the assertion that I am going to support McKinley." Mr. Cleveland firmly declined to enter further into the discussion, insisting that he was in political retirement, and did not wish to be placed in the position of a

leader of political thought.
It is significant that this statement by the former President followed a visit of Mayor McGuire of Syracuse, chairman of the Democratic State Campaign Committee to Mr. Cleveland's home in Princeton In 1892 when the New York delegation held out so sturdily against the nomination of Cleveland, McGuire was the only delegate to break through the unit rule, and to de-clare on the floor of the National Conven-tion for the candidate, whose nomination was demanded by the party at large. Yesterday Chairman McGuire went to Princeton to "sound" Mr. Cleveland, and the interview in the True American, em-

bedying the decisration quoted above, fellowed this morning.

Mr. NeGuire declined to-day to discuss his conference with Mr. Cleveland, except to say that that gentleman's position had been made plain by himself.

## WILL BE TEST OF SPECIAL TAX BILLS.

the Ordinance Is Unconstitutional.

The right to enforce the collection of special tax bills made out against property owners to secure payment for street improvements is to be tested by a suit filed yesterday in the United States Circuit Court by the Lewis Real Estate and Investment Company against Alexander Niedring--haus, the Mound City Construction Company and the Lincoln Trust Company.

Real estate between Walton and West End avenues on Cook avenue is involved. The petition asks that the defendants be restrained from disposing of the land under special tax bills which they hold. It alleges that the ordinance is unconstitutional, depriving property holders of their hand without due process of law and without compensation, and on the same ground is contrary to public policy.

The same point was brought to the Federal Court for decision about a year ago. the present instance the sum involved is \$2,385.71, which will admit of its being adjudicated in the United States Court. The petition recites that in April, 1894, Minerva Kineley and Mary E. Kelly filed a petition before the Board of Public Improvements to have certain improvements made on Cook avenue. The petition went through the regular channel and an ordinance was passed. The property holders were assessed according to the front foot rule for the im-provements, in accordance with city ordi-nance No. 18974.

nance No. 1874.

The work upon the street was performed by Alexander Niedringhaus, to whom was given the tax bills, made out by the President of the Board of Public Inprovements and duly countersigned by the Comptroller. Thus the city was released from all responsibility in the premises. These claims were subsequently transferred to the Mound City Construction Company and later to the Lincoln Trust Company.

It was charged that on Saturday night, September 1, he assaulted Misses Elia Woody, Nellie Keepler and Rose Littleton, employes of the Globe Shoe and Clothing Company, at the corner of Seventh and Locust streets, The three young ladies, according to their testimony yesterday, bad worked until nearly 11 o'clock that night, and were on their way to take a Suburban car when the assault occurred. As they reached Locust citizen's clothes, who proved to be Officer Roemer, rushed out and grabbed all three of them around their necks. Little Gladys Marie de Spain, who has never known parents or more parental care than is given in an orphan asylum, now has a home and a new name and people whom she may legally call "father" and "mother." The child does not know who she is, neither do her foster parents. But the records at the Children's Home Society of Missouri say that she was born in Bates County, Missouri, August 24, 1892, and that Hester Ann de Spain was her mother.

When she was 5 years old she was relinquished by her mother to an orphan asylum; later she was given into the care of a South St. Louis family; a year ago she was placed by this family in the care of the Children's Home Society, and last April she was taken by the Reverend C. C. Stahman, paster of the German Methodist Church at Virginia and Koeln avenues, to the home of Nicholas Knutzen and his wife, Catherine, at No. 7609 Virginia avenue. Yesterday the formal deed of adoption was fised in the office of the Recorder of Deeds.
